

HCL Technologies

HCL Technologies is a next-generation global technology company that helps enterprises reimagine their businesses for the digital age. Our technology products, services, and engineering are built on four decades of innovation, with a world-renowned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on customer relationships. We offer an integrated portfolio of products, solutions, services, and IP through our [Mode 1-2-3 strategy](#), built around digital, IoT, cloud, automation, cybersecurity, analytics, infrastructure management, and engineering services, among others. With a worldwide network of R&D, innovation labs and delivery centers, and 127,000+ 'Ideapreneurs' working in 43 countries, HCL serves leading enterprises across key industries, including 250 of the Fortune 500 and 650 of the Global 2000.

Businesses across industries stand at an inflection point today. Far-reaching disruption fueled by technologies like [digitalization](#), [analytics](#), cloud, [IoT](#), and [automation](#) means these technologies lie at the core of any enterprise that is trying to reinvent itself. As the demand for these services increase, HCL Technologies is accelerating its evolution into a next-generation technology company, driven by a unique business model, [Mode 1-2-3](#), and many unmatched core competencies which bring this model to life.

The company's DNA of grassroots innovation, its ingrained culture of co-innovation, and its tradition of going far beyond what is expected, to create customer value, puts HCL on a different plane from its competition. This gives it a distinct advantage in creating value for businesses in the digital and connected world.
